# Fire vs. Ice

Red vs. Blue, Caboose vs. Sarge, Sun vs. Moon, Charizard vs. Blastoise, and Fire vs Ice. As DragonHacks continues we are setting a set of side quests that you can join and compete against the opposite element. These fun side quests will determine once and for all which is better, the fire dragon or the ice dragon. Each winner of these competitions will have the honor of receiving exclusive prizes that we have prepared. The winning team will be awarded with pride and respect, as well as the bragging rights. Let the games begin, and may the best dragon win.

## Smash 4 Tournament Arc

Fighters of DragonHacks, it is time to prove your worth as a fighter in the floating arenas of Nintendo! We bring together the best of the best to honor the competitive spirit and determine the champion of legend!

## Mario Kart Tournament Arc

Racers, on your mark, get set...wait...is that a baby driving a car? You guessed it, we got the best racing game ever! Ready to speed through your enemies or will you be taking shells to the face?

## 1 - 2 Switch

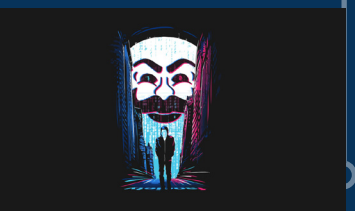

Eye to Eye... you only get one shot, do not miss your chance and go! 1v1 against whoever is the fastest at eating an invisible hot dog or casting spells. We don't judge.

## Ninja

"NARRUUUTO!!!!!"  
"SASUUUKKEE!!!"

## Blitz Chess

They say chess is the game of kings, but there can only be one king in this tournament. Will it be you?

## Mr\_Robot\_Challenge

It is time to determine the true hacker in DragonHacks. We have a special competition for those who are interested in hacking under pressure. It's not magic, but Talent and Skill.
